

Wave Relay® MANET Administrator Course FAQ

1. What are the daily class times?

8:45am – 9:00am: Light Breakfast
9:00am – 5:00pm: Course (M-TH)
9:00am – 12:00pm: Course (F)

2. What do I need to bring?

All you need to bring for the course is technical curiosity and an interest in gaining knowledge and developing skills. Persistent Systems provides all equipment needed for Training including administrator laptops and Guest WiFi for convenience.

3. Do I need to bring lunch?

No. Lunch will be provided each day.

4. What is the attire for Training?

Casual or business casual with weather-appropriate clothing. Exercises will be conducted outdoors so be sure to check the daily weather forecasts.

5. Do I need Training?

Yes, it is important to know how to properly configure and field your MPU5s. The course has a proven track record of immediately impacting performance and reliability of fielded Wave Relay® MANETs when attendees return to their organizations with new insights and improved skill sets.

6. Where is the Persistent Systems Training location?

The address, travel and visitor information for each Persistent Systems location can be found here: [Persistent Systems Travel Info](#)

7. Are there prerequisites for the MANET Administrator Course?

No. The Wave Relay® Mobile Ad-Hoc Network (MANET) Administrators Course is purposefully designed to accommodate those with little to no networking and/or Wave Relay experience while also elevating more experienced users.

8. Is there an exam?

There is a final evaluation to ensure proper absorption of the information presented. Participants will be presented with a Certificate of Completion indicating competencies gained through total course participation.

9. What is the Cancellation Policy?

Attendees may cancel up to fifteen (15) days prior to the start of the course. Attendees who cancel within the fourteen (14) day window may be liable for full course fees.

10. Can Persistent Systems conduct Training at our facilities?

Yes. More than 50% of Persistent Systems Training events do not appear on the published calendar because they are closed private courses held at unit/organization locations. With our Mobile MAC Training Kits, we bring everything to you and train your entire team where you are.
